Dear Mr. Leslie

**Re: 18/09563/FUL. Amendment to previously consented scheme 17/05415/
FUL. Proposal for 37 flatted units comprising of refurbishment of existing
Foyer building and new build extension.
198 Great Junction Street Edinburgh EH6 5LW
Applicant: Glenprop 2 Ltd.
Agent: ISA Architecture And Design**

Grounds for support

Representatives from LHNCC were invited to attend a meeting with Architect, at their office, on 18 October 2018, to view changes and to explain why amendments were required that would involve submission of an amendment to previous application. Feedback was reported to LHNCC members at their meeting the following week.

The above application was discussed at the LHNCC meeting on 27 November and it was agreed to give our continued support to this Development.

It was reiterated that this is an attractive development that will restore this important historical building, enhance North Junction Street and the elevation facing the Water of Leith will also be enhanced and attractive when viewed from the Northern side.

Yours sincerely

Jennifer Marlborough (Mrs)
